8. QUESTIONS TO/COMMENTS FROM THE LINCOLNSHIRE POLICE REPRESENTATIVE

Councillor G O Ellis has asked:

“ What enforcement has been taken to enforce cyclists to use lights on the front and back of their cycle to been seen during the start of dark night’s.

Many time cyclists complain about drivers not taking care when passing cyclist, however many times cyclists have cut across me this winter with no lights on their bike and wearing dark clothing. Plus with earphones on.

Why is this allowed ? I have seen police cars pass cyclist with all of the above, and no action taken, but if I was speeding I would have been stopped. Safety on the road by all users should be equally enforced.

Plus many cycle on paths, without due care to pedestrian's, ride across a crossing hope the car has seen them shooting across.

can the police run a safety awareness with the local papers we have been lucky with no deaths to my knowledge, we have been lucky, however it should not be down to luck.

Prevention is better than having to deal with an accident.”
