Scarborough Avenue Car Park has 55 car parking spaces.

When there is a surplus, under Section 55 of the Road Traffic Regulation Act (1984) there are a number of areas which the car parking account can fund. These areas include, but are not limited to:

- Transport, highway or road improvements
- Environmental improvements (including reduction of pollution and improvement or maintenance of amenity)
- Provision of outdoor recreational facilities available to the public without charge

The surplus income over expenditure received from Scarborough Avenue Car Park is utilised in the maintenance and upkeep of Tower Gardens located to the rear of the Car Park.
