

Councillor's Allowances

Under the provisions of the Local Authorities (Members Allowances)(England) Regulations 2003, Councillors' Allowance for 2016/2017 remained at £500. This payment is subject to tax and is paid quarterly in arrears. During this year there was a resignation and election in one ward seat and therefore outgoing and incoming Councillors were paid the allowance on a pro-rata basis. Councillors may also claim expenses (usually travel) when carrying out official Council business.
