## COMMUNITY BUILDING NAME & TIME CAPSULE

Work is now well underway on the construction of the new community building in Tower Gardens. The building is now water tight and is on schedule to open Spring 2020. Thank you to those of you who took the time to enter the competition to name the building, we had over a 100 suggestions. After careful consideration Councillors decided on the most popular choice and voted to name the building Tower Gardens Pavilion. A suggestion was also put forward by a member of the public to name the tea room, “Café Dansant” based on the 1920’s establishment on the foreshore

The Council and GF Tomlinsons have been working with primary school children from the Viking School and will hold a ceremony later in the month to bury a time capsule. The capsule will include items to recall this time when the new Community Building was built. As the building gets closer to completion this time capsule will capture a special moment for us to remember.

The time capsule will give the opportunity for future generations to remember Skegness, the people living here and the things that were important to our young people. Hopefully, school children will be able to use what it contains for their social history studies in the future.

## A BUSY SUMMER FOR THE TEAM

The Council’s grounds team have worked hard in the memorial garden and St Mary’s Cemetery. The area is now looking the best it has ever looked and is a credit to those members of staff that have been looking after it all summer. Please take the time to visit next time you are passing or are in need of a space for contemplation and meditation.

The grass cutting team have had a successful second season and will be challenged further next year as further parcels of land come over to the responsibility of the Town Council through the ongoing asset transfer.

This year has been the first that the Town Council has managed Tower Gardens, the two new members of the team have made sure the area is maintained to a high standard with lots of rubbish and rubble being removed. We have had some great compliments from residents, visitors, event organisers and businesses who have all noticed a change for the better. We all look forward to supporting the gardens and the events that take place in them further once the new building opens, exciting times!
